If the enemy were simply named, attacked and defeated, there would be no dragnet. Total surveillance is an impulse of reality ignorers. A forest is visible from a mountain-side and from a tree-side. But it is possible to ignore what one sees, at least for a spell. Putting a forest into one's pocket for the purpose of knowing it is impossible.

The enemy is mohammedanism, an idolatrous descent of Islam. Idolatries are cunning, aggressive and self-referencing. Violent criminals lead idolatries, posing as clergymen and scholars. They demand sacrifice of humanity, usually bloody, to an anthropomorphized impulse, usually envy.

Ignore an enemy and they will bite their way through to your heart then eat that. Islam all but non-exists. mohammedanism all but killed it. The

Baha'i Faith shows what Islam would be modernly were it not all but extinct. Assume unless proven otherwise that every "Moslem" is a mohammedan, an idolator of a man and a book. A dangerous person.

The litmus test of a Moslem: they believe theirs is *not* the only true religion, and they do *not* seek to establish Islam as the state religion, nor indeed, as the state itself.

A Crusade against mohammedan "clergymen" and "scholars" is called. Swing them, pierce them, piece them, collapse them, fold them, fire them, mock them, wear them, despoil them, humiliate them. This Crusade is total war until it succeeds in annihilating mohammedanism by extirpating its devising leadership. Kishon Valley.

Renounce Envy, Restore Islam

Homeschoolers are the contemporary counterpart of the Christian warrior monastics of the early Second Millennium. Homeschooling is the nemesis of tyrants and the wealth of nations.

Homeschoolers are the most efficient force thrown against mohammedanism. Others include: philosophical and theological study, face-to-face denunciation, lawfare, publication, reflection, prayer, public debate, para-military organizing, mental acuity, marksmanship, personal integrity, neighborhood watch, quiet, liberty movement organizing,

physical fitness, cheerfulness, intellectual cleanliness, moral rearmament, ownership of communication media, political leadership and liaison, humor, medical research and performance of duties right where one is in life.

If you think, "Americans need to wake up to what's happening," you are asleep. Rouse yourself and do whatever it is you want Americans to do. Practice this simple rule: What you talk about do; what you cannot do, do not talk about.

If you think, "Americans should be afraid, very afraid," you are aiding and abetting mohammedans. Practice this simple rule: pray without ceasing, shut up and behave yourself.

If you think, "America is a bad country of evil intention and history that needs punishing," you are fit for fire. Practice this simple rule: what you want to do, do it.

Let those who have been accustomed unjustly to wage private warfare against the faithful now go against the infidels and end with victory this war which should have been begun long ago. Let those who for a long time, have been robbers, now become knights. Let those who have been fighting against their brothers and relatives now fight in a proper way against the barbarians. Let those who have been serving as mercenaries for small pay now obtain the eternal reward. Let those who have been wearing themselves out in both body and soul, now work for a double honor. Pope Urban II, Council of Clermont, November 1095.

The array of powers deployable against mohammedan "clerics" and "scholars" is wide and deep. Most of them lie near the hands of every

patriot. Ask not for someone to do what you can do every day of your life. Deplore not the whatever it is of your countrymen. Root out that urge from your heart and mind. The faults we find in others are the faults we have in ourselves.

And get busy. Houses comprise bricks, industries tools, schools inquiries, vacations rest and churches and armies personalities.

Duty is God, Work is Worship. Perform your duties, work hard, eschew frivolity, renounce the trivial. Have fun, be happy and be strong. That is enough to defeat mohammedanism. Peter the Hermit.

Queer aggression, black aggression, feminist aggression, state bureaucratic aggression and mohammedan aggression are the same aggression: fascist collectivism. Queer aggression, black aggression, feminist aggression and state bureaucratic aggression typify very many Americans of the "boomer generation." Arab/Pan-African Imperialism - aka mohammedanism - enfolding those other aggressions, aims to extirpate Indo-European Civilization. Extirpate *it*.

Communist collectivism - state-*owned* everything - is defeated. Fascist collectivism - state-*dictated* everything - is not.

Arab/Pan-African Imperialism (mohammedanism) and its *alliés de convenance* represent fascist collectivism. Indo-European knowledge of natural dynamics, human and non-human, stands athwart collectivist aggression assuring, "Come on, stump, do you feel lucky? Well, *do you?*"

Yet more is required. Pro-active attack is indicated, to the "head of the snake."

Persistence, endurance and mostly localized wars could defeat Communism. Fascism, when defeated, has required world-wide, all-consuming war. And still it persists in formidable, expanding array, changing chargers but not objectives. Fascist collectivism - such as mohammedanism, which allied with fascist collectivism in Germany and Italy - more threatens the goal of history than did Communist collectivism. The goal of history is sublimation of power in meaning and of activity in Spirit.

Communists of yore - self-described in their day as "liberals," "progressives," "radicals" - noted their losing condition during the late 1960s and converted to Fascism. Boomers they're called today.

Ronald Reagan mopped up their communist detritus yet ignored their fascist conversion as well as the automatic alliance that conversion gave them with mohammedans (Arab/Pan-African Imperialists). So did many intelligent observers. The boomer/mohammedan alliance enormously force-multiplied fascist collectivism. Rapidly the alliance overtook US and European academies, bureaucracies and so-called elected officials. It retains control there, wielding with colossal assiduity, and to protect/impose itself, enormous punitive powers entrusted by the popular will (*Die Politik*) to those functionaries.

Today, the descriptors "liberal," "progressive" and "radical" reference not communists but fascists. Fascist collectivism, which flourishes (for a time),

not communist collectivism, which degenerated. Both communism and fascism are collectivist - *aggressive messianic collectivism* James Lileks calls it - but one is more able and dangerous, long-term, than the other.

The boomer/mohammedan alliance wants all-consuming war for global fascist collectivism, by competing states or by one state, however they can accomplish it: "what difference does it make?" The alliance is aggressive and messianic. It will subside when subdued.

So give it to them. Crusade is called on mohammedan "clerics" and "scholars." They are the "head of the snake." Bite it off.

What about the boomer element of the boomer/mohammedan alliance for fascist collectivism? Can it survive a defeat of mohammedanism?

No. Boomers are the junior, dependent partner of the alliance. They hide behind fear of mohammedan violence to keep themselves in place. They lack depth in ideological system - something mohammedans *have*.

Boomers' root is Communism, an heresy of Christianity, so their conversion to Fascism, an apostasy of Christianity, is superficial. Ayers/Dorn/Boudin - prototypical boomers, from affluent, prominent families - had to work in the academy (always potentially communist) even though they came from industry (always potentially fascist). And they rejected melding government and industry, which is Fascism.

No. Boomers are shallow. They will go down with the mohammedan "clerics" and "scholars" they front as human shields.

And Usamah bin Mohammed bin 'Awad bin Laden made no attempt to protect his family when he knew they were under attack. And the "paper hanging son-of-a-bitch" and his lieutenants committed suicide when they were powerless. And "teachers" now try to separate children from their parents.

These are not the actions of men or women. Punk president punking everyone in sight.

At the instance of professors and clergy, and with tacit and explicit assent of the Republican Party, the Democratic Party has weaponized all three Branches of the Government of the United States of America against clingers to the Constitution of the United States of America and to common sense.

We pay a stiff price for the idolatry of "science," the adoration of statistics, the devotion to empiricism, the trust only in sense-based knowledge.
