Regarding: Self-Reporting As Opposed To Agenda Of occupiers of the White House

It has come to my attention that the occupiers of the White House have urged Citizens of the United States to report to them at flag@whitehouse.gov such of their neighbors as are "fishy" in the sense of opposing the agenda of the occupiers of the White House.

This communication self-reports myself as a person fitting that description.

I oppose the agenda of the occupiers of the White House because that agenda aims to centralize power in the hands of the occupiers White House, thus destroying in letter and spirit the existing Constitutional basis, framework and operating way of life of the United States of America. I am loyal to the existing Constitution of the United States of America and the structures of government it envisions and enables.

Please add my name and personal information as given below to the database, being compiled by the occupiers of the White House, of Citizens of the United States who are "fishy" in the sense of opposing the agenda of the occupiers of the White House.

With all deserved respect,
