

Coming Soon From CAIR And Qom

The Rev. David R. Graham
Adwaita Hermitage

April 19, 2007

Before long, two armies of trial lawyers, not Muslims but megalomaniacs, representing CAIR, Qom and other subversive groups at work in the United States of America, fed by seemingly inexhaustible Saudi and Iranian

petrodollars, and with eager

participation from the irresponsible element ¹ of the guild of attorneys, will argue through the courts of the United States of America that, and demand remedy for:

1- churches, public schools and elements of the United States Government - for example, the United States Armed Forces - and in general the so-called "American way of life" are vestiges of Christian culture and their existence, therefore, breaches the establishment and the free exercise clauses of the First Amendment;

¹ Inaccurately self-described as "homosexual," a *non sequitur*, or "gay," a fine word worthy of being redeemed from filthy hands.

2- those two clauses aligned with the equal protection clause of the Fourteenth Amendment protect any activity deemed religious by Imams or Ayatollahs - to include bombing, assassination, extortion, bullying, terrorizing, enslaving, mutilating, raping, dhimmituding, etc.;

3- the Constitution of the United States is a vestige of Christian culture and its existence, therefore, together with all resting on it, breaches the establishment, free exercise and equal protection clauses of its own First and Fourteenth Amendments;

4- the fact that the Constitution of the United States is internally self-contradictory invalidates the governmental system - all three branches - resting upon it;

5- in view of the foregoing, Christian culture in any form -- potential, actual or vestigial -- if inside the territorial limits of the United States of America breaches the establishment, free exercise and equal protection clauses of the First and Fourteenth Amendments to the Constitution of the United States of America.
