OUTSIDE REASON AND GOD

APRIL 19, 2009

Science outside Reason and religion outside God, a double fanaticism, has ripped off and discarded the governor of American society, which in consequence is hurtling at the cliffs of reality and the depths of truth with nothing intrinsic to it to avert its annihilation thereat and therein.

We did not realize until too late the devastation being wrought by *soi-disant* “New Age spirituality.” But, “that’s what done it.”

Now it is biting us all over whilst driving us to doom.

## Crainlarich Station

Crainlarich is in Stirling district, Scotland, about six miles north-east of the head of Loch Lomond. Until 1975, it was in the historic county of Perthshire.
