September 26, 2009 - Rule 5 Saturday

The Rev. David R. Graham

“Why fear when I am here?”

“I accept the burden of your welfare.”

“As each of you goes about your silent work, I will embrace you to my heart.”

Bhagavan Sri Sathya Sai Baba

Ravana

Dan Riehl [posted this response](#) to a fraudulent declaration delivered by a fraudulent personality recently at the so-called United Nations.

I commented as follows:

The response of the current occupant of the White House to the rallies of 12SEP09 has been to double-down, lower head and order their entire line forward *en masse*, demanding space for every utopian (Greek *u + topos* = no place) (communist) delusion dating from the 19th Century forward.

ACORN suing the spot-lighters is of a piece.

These are very serious people occupying the White House and Congress, with very powerful mechanisms at their finger tips and unlimited finance in their pockets.

They will leave no avenue, means or type of attack untried. Wherever their line is, whatever it can do there, it will. Don't ever think about them using restraint for any reason whatsoever. They operate in a morality-free, humanity-free void, an unshakeable fantasy of self-righteousness.

The biggest error of their opponents during the 2008 national elections was thinking them stupid or ignorant or just plain unaware and dumb.

Anyone making book on elections worthy of the word happening in 2010?

If one wants the measure of what it is going to take to dislodge these people, to bring them to justice and get them in the Big House, permanently behind bars where they belong, review the history of what it took just to deny J. Robert Oppenheimer a security clearance. And he was never prosecuted, completed his life-long chain-smoking at Princeton's IAS an honored P, though unable directly to guide US nuclear policy towards Soviet and away from US interest as he had been doing for well over a decade.

Hydra-headed, like Ravana, despite repeated attacks, Oppenheimer remained strong right until the decision to deny him clearance, which was just-barely. And the self-sacrifice of one personality in particular, a self-made man, a Jewish Republican of high intelligence, devotion and energy named Lewis Strauss, is what it took. Life for life. But Strauss was right.

Oppenheimer was "a member of a so-called closed unit of the Communist Party's professional section in Berkeley, from 1938 to 1942."

That's where all this today comes from. The disarmament, the "international" governance of US security, the "world [Soviet] government," it's all there in Oppenheimer and his CP bosses and associates, e.g. Fuchs. And it antedates them.

It's that serious, that huge a battle and that profound a carnage to get it won by either side. Communism is hydra-headed and it doesn't give up, ever, just as Ravana did not until forced by superior authority, actual penal authority, Lord Rama.

That's the typology we are looking at here. As General MacArthur said in his goodbye to Congress, "It

must be of the spirit of we are to save the flesh."

I refuse to call this individual P-----. The individual is not that, he is a fraud fraudulently emplaced, along with his whole entourage. He is conducting an occupation, like Savio of Sproul Hall, that is all. He does not speak for the White House. The White House is American, sacred and honored, it belongs to us, the power of the nation. He is its current occupant, an occupier, as in usurper, illegitimate, a psycho-sociopathic devil-conjuring hell-raiser.

Knowing all this to be true and the "pitchforks" on the way there, the occupant/ occupier has mounted full spectrum attack against America to prevent opposition from reaching his inner workings. One should expect no less and fight smart to overwhelm it.

Always expect an enemy to do what they should do to beat you. Then make your plans on that basis.
