

Fact: US leadership cadre is breaching its Oath of Office to defend and protect the Constitution of the US from all enemies foreign and domestic; the cadre thereby evades or renounces its responsibility to safeguard US national sovereignty, security and welfare.

Why?

Here are reasons:

1- Fear. The cadre fears foreign and domestic enemies of the Constitution of the US, fears for their lives, families and/or career by direction (assassination), by lawfare (legal actions) or by exposure (investigation).

2- Complicity. The cadre disparages or despises the Constitution of the US and US national sovereignty, security and/or welfare in variable amounts and orders.

3- Laziness. The cadre's intellectual, moral and political strength is exhausted by debilitating habits of mind, body and spirit.

4- Ignorance. The cadre does not know and in instances does not want to know the background or variables of situations they face.

5- Instrumental Insufficiency Or Illegitimacy. The cadre is obliged to operate instruments of government that are themselves, and for several reasons, insufficient to their purpose and the cadre's responsibility or lacking legitimacy.

What now?

Here are responses:

1- Beseech the Almighty for a faithful, fortified leadership cadre.

2- Upbraid the lazy, challenge the fearful, embarrass the ignorant, condemn the complicit and sharpen/harden the instruments of government wherever and whenever possible.

3- Speak the truth as one knows it in a leonine tone.
